Bus Tour to Park City. Park City is a small international tourist destination city. Historic Main Street still looks like a silver mining town but it is filled with restaurants, boutiques, and urban luxuries that make it feel comfortable and up-to-date. It is just 40 minutes into the mountains from your hotel and is surrounded by some of the top alpine resorts in America. Olympic Park ski jumps and facilities are used all year for training and attract tourists, spectators and those interested in the Olympic museum.

You will be on your own in Park City for two hours. You will be able to have lunch in one of the many local restaurants and can explore the shops for gifts and souvenirs. We will then board the bus for the short drive to Olympic Park. After visiting Olympic Park we will return to our hotel.
